TOTAL: **/ 40**

Mineral Poster Project

For this project, you will be researching an assigned mineral. You can gather research from the internet and/or textbooks. You will spend two days in class using the computers to research.

Your poster must include:

- **Name of mineral (correct spelling)—write BIG in clear letters!!**
- **Classification – what type of mineral is it? What class is it?**
- **Use of mineral- how is this mineral used in our society? Be specific**
- **Fun Facts- write 5 interesting facts about your mineral**
- **At least 2 pictures- these can be prints or drawn. They can be of your mineral or its uses.**
- **Neat and colorful appearance- Take pride in your work! These posters will be on display.**
- **Participation does count--- so stay on-task.**
